

# SKIOLD DAMAS VIBAM

SKIOLD MAKES THE DIFFERENCE!

## SKIOLD DAMAS VIBAM UNIVERSAL CLEANING MACHINE

Versatile, economic and durable, the Vibam is the perfect cleaning machine for many different types of grains and heavy seeds.

# SKIOLD Vibam universal cleaning machine

The Vibam is a universal cleaning machine designed to clean a wide variety of grains and seeds quickly and precisely. Vibam offers competitive value combined with high capacity and easy operation.

As standard, the Vibam is provided with both pre-suction and aftersuction units.

The layout of the machine makes it easy and quick to change from precleaning to fine cleaning – a feature which makes day-to-day operations far more efficient.

The Vibam is based on tried-and-tested technology and is in operation in installations all over the world.

## Your direct benefits

Easy and quick operation and screen changing

Wear resistant Wisa-form plywood screen boxes
